2015 Jeanne Clery Annual Security Report

This report was compiled by the American Institute of Alternative Medicine Safety and Security Committee

For more information visit http://www.aiam.edu/consumer info/

9-22-15
Annual Security Report Overview

The American Institute of Alternative Medicine (AIAM) 2015 Annual Security Report provides policies, procedures, and crime and safety information to assist students, faculty and staff make decisions which affect their personal safety on campus. This information is provided in accordance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act or “the Clery Act.” The history of campus crime statistics and security information reporting started with the Crime Awareness and Campus Security Act of 1990, which amended the Higher Education Act of 1965. The Crime Awareness and Campus Security Act of 1990 was renamed “the Clery Act” by the 1998 amendment. In March, 2013 President Obama signed the Violence Against Women Act of 2013 (“VAWA”). VAWA amended the Clery Act to require that schools compile statistics for incidents of domestic violence, dating violence, sexual assault and stalking (collectively referred to as “sexual misconduct”) that occur on or near campus.

This report includes statistics from the previous three years concerning reported crimes that occurred on-campus, non-campus, and on public property within or immediately adjacent to and accessible from the campus. The report also includes institutional policies concerning campus security and safety. The data was collected from the Columbus Police Department and the AIAM Crime Log. In April 2014, an AIAM Campus Safety and Security Committee was formed to compile the report and lend guidance to the AIAM campus on safety and security related policies and procedures. Every effort is taken to ensure that our statistics are as accurate as possible. AIAM does not employ any security personnel. Instead, key staff members are designated as campus security authorities and are delineated later in this report.

The AIAM Crime Report is distributed to students, faculty and staff. A hard copy of the report can also be obtained upon request by contacting the Director of Student and Graduate Services, the Admissions Office, and it is always available at [http://www.aiam.edu/consumer info/](http://www.aiam.edu/consumer info/).

Safety and Security Committee
In April 2014, the American Institute of Alternative Medicine created the AIAM Safety and Security Committee to elevate the importance of campus safety at AIAM. The Safety and Security Committee is represented from various disciplines across the campus and include:
1. Administration-Angie Osborn, Director of Business Operations
2. Administration-Linda Fleming-Willis, Director of Student and Graduate Services/Title IX Coordinator
3. AIAM Clinics-Stacey Kent, Clinical Coordinator
4. Academia-Sandy Neds, Faculty

The Safety and Security Committee is chaired by the Director of Student and Graduate Services. The committee is committed to creating a safe, secure learning and work environment by:

- Understanding AIAM’s public safety programs and each person’s responsibility as a member of the AIAM community to advance a safe and secure environment;
- Identifying issues of key concern;
- Providing feedback on programs, policies and procedures related to campus safety, including emergency preparedness, crime prevention, education and training, and communication;
- Serving as a key communicator about campus safety within the AIAM community;
- Providing annually a safety update program for staff and faculty; and
- Preparing the Annual Security Report (ASR)

Campus safety information can be forwarded to the Safety and Security Committee by contacting any of the appointed representatives.

**Campus Access Hours**

General campus hours are 7:30 a.m. to 10:00 p.m. Monday through Thursday and 9:00 a.m.-5:00 p.m. Friday through Sunday. Business hours are Monday through Thursday, 9a.m. to 8:00 p.m. and 9:00 a.m. - 4:00 p.m. Friday through Sunday. These hours are subject to change quarterly based on student clinic and classroom schedules. All outside doors are locked during regular business hours, with the exception of the main lobby and student entrance. Staff offices are locked when not attended. Campus buildings are secured nightly prior to closing. The parking areas are located in well lit areas adjacent to the school. AIAM does not employ security personnel but has an alarm system for security outside of regular operating hours and relies on each member of the AIAM community doing their part to keep the campus safe.

In the event of bad weather, our policy is to close the school and clinics only when the county in which we are located (Franklin) declares a Level 3 emergency OR, when the Campus President deems weather conditions warrant closing the campus. Call the Franklin county Sheriff’s Office if outside the area, 614.525.3333. Watch for closing announcements on major television and radio stations for exceptions to the above. Students may also check Populi (News Feed), AIAM’s College Management System, check with instructors or be on alert for Regroup messages for current school closing information. AIAM also uses a group communications platform, Regroup, for weather and emergency text and email notifications.

**After Hours Access Authorization for Employee**

Employees that need after hours building access must contact one of the identified AIAM openers. The AIAM openers disarm the security system. The entering employee will still need to access the doors with a key. AIAM openers:

1. Emily Minnema
2. Helen Yee
3. Angela Brooks
4. Angie Osborn
5. Stacey Kent
6. Diane Sater

**Campus Security Authority (CSA)**

American Institute of Alternative Medicine employs no security personnel. The AIAM President is responsible for the building’s security and appoints Campus Security Authorities (CSA). A CSA has significant responsibility for student and campus activities and are the personnel students may report crime allegations. CSA’s must report to the Director of Student Services allegations of Clery Act Crimes that he or she concludes were made in good faith on the AIAM Universal Crime/Incident Report Form within 24 hours of occurrence. The CSA does not have the authority to arrest individuals. The Columbus Police Department is notified via 911 in emergency situations.

Campus Security Authorities for AIAM are:

- Academic Dean
- Director of Student and Graduate Services/Title IX Coordinator
- Controller
- Director of Business Operations
- Financial Aid Director
- Assistant Director of Admissions
- Director of Nursing
- Director of Clinical Services
- Acupuncture Program Administrator/Clinical Supervisor
- Massage Therapy Program Administrator/Clinical Supervisor
- Campus President
- Chief Executive Officers

**Clery Annual Security Report Preparation**

The completion of the Annual Security Report (ASR) is assigned to the Director of Student and Graduate Services, who is a member of the AIAM Safety and Security Committee. The Director of Student and Graduate Services requests AIAM’s Clery crime statistics annually from the Columbus, Ohio Police Department. Although not required to maintain a crime log, annual data collected by the Director of Student and Graduate Services crime log is also reviewed as part of the Annual Security Report preparation process. Campus crime date is entered into the Campus Safety and Security Survey by the Campus Safety Survey Administrator (CSSA) prior to the published data collection close date. The Director of Student and Graduate Services prepares the initial report for review by the Campus Safety and Security Committee. Upon security committee and Campus President approval, the report is distributed to the AIAM campus community. Members of the AIAM campus community are urged to use this report as a reference for safe practices on and off campus. This report is made available on Populi and the AIAM website at [http://www.aiam.edu/consumer info/](http://www.aiam.edu/consumer info/). Anyone desiring a hard copy of the security report can request one from the Director of Student and Graduate Services or the Admissions Department.

**Voluntary Crime Reporting (Students and Employees)**

Report all emergencies involving a crime in process, a medical emergency, sexual misconduct or fire by calling 911 immediately. Follow up with a report to the CSA. All crimes reported to the CSA will be kept confidential to the extent of the law. In non-life threatening situations, the CSA will notify the proper authorities promptly, as necessary. Timely reporting crimes or other public safety incidents helps keep the community safe and protects others.
Please take the following steps if you witness or become the victim of a crime on campus or at a campus sponsored event:

- Dial 911 and immediately report the crime to the Columbus Police Department. If possible, do not leave the area until you have spoken with a police officer about the incident; leaving consumes valuable investigative time. Your safety is the primary concern; if you feel safer leaving the area, do so and call the police as soon as you can.
- Try to get a description of the suspect, noting gender, race, and clothing.
- If the suspect enters a vehicle, get a description of the vehicle, license plate number, and direction of travel.
- Preserve evidence; do not touch or move anything. In case of a sexual assault, do not launder clothing or take a shower if you are the victim. There may be valuable transfer evidence on your clothing or body.
- Victim counseling is available through the Sexual Assault Response Network of Central Ohio (SARNCO) at (614)-267-7020, 24 hours a day, 7 days a week. It is confidential and free.

Victims of crime often face many setbacks as a result of their tragic and unexpected circumstances. The Ohio Attorney General’s Crime Victim Section provides funding and services to aid victims, training for professionals who assist them, grants for victim service providers, and crime prevention programs for Ohio communities. For more information, visit the Ohio Attorney General’s web page at http://www.ohioattorneygeneral.gov/Individuals-and-Families/Victims.

The Attorney General also provides a web site, VINELink, https://www.vinelink.com/vinelink/siteInfoAction.do?siteld=36001, where you can obtain information about the custody status of an offender 24-hours a day. This is the online version of VINE (Victim Information and Notification Everyday), the National Victim Notification Network.

In the event an incident or emergency occurs on campus that may affect the safety and security of students, staff, and faculty, the school will issue timely warnings as noted later in this report. These timely warnings can be issued through various means such as Emergency Text Messaging (Regroup), AIAM e-mail, Populi, and/or flyers on campus.

**On campus contact numbers**

Mark Sullivan - Campus President
(614) 825-6255, ext. 234

Linda Fleming-Willis - Director of Graduate and Student Services and Title IX Coordinator
(614) 825-6255, ext. 226

Elaine Hiatt - Academic Dean
(614) 825-6255, ext. 233

**Off-campus contact numbers**

Emergency
911

**Confidentiality Statement**

Under Ohio’s public records law (ORC 149.43) AIAM may not promise confidentiality to those who report crimes to anyone on campus. Some off-campus reports may also be legally confidential.
Reports confidential by law are not reported to the school for inclusion in our annual crime statistics. Because of the public records law, AIAM does not have a policy that permits the confidential reporting of crimes for inclusion in the annual crime statistics report.

Unfounded Crimes

If a reported crime is investigated by law enforcement authorities and found to be false or baseless, the crime is “unfounded”. Only sworn or commissioned law enforcement personnel may unfound a crime. The total number of unfounded crimes reported in this report shall include all criminal offenses, hate crimes, arrests or disciplinary action referrals for weapons, drug or liquor violations, and domestic violence, dating violence, or stalking incidents that have been unfounded.

Clery Emergency Notifications

- Emergency notifications will be issued immediately upon confirmation that any significant emergency or dangerous situation exists that involves the immediate threat to the health or safety of students or employees on campus. The Campus President and members of the Campus Management team including the Director of Student and Graduate Services, Controller, Director of Business Operations, Academic Dean, Director of Nursing, Financial Aid Director, Assistant Director of Admissions, Director of Clinical Services, Acupuncture Program Administrator/Clinical Supervisor, Massage Therapy Program Administrator/Clinical Supervisor and Chief Executive Officers are authorized to issue an immediate warning without an unreasonable delay so the campus community can take immediate precautions.

An emergency notification will be issued via Regroup text message and mass email or via Populi. Emergency notifications are typically more immediate, shorter, and contain less information than timely warnings due to the fast evolving nature of emergency situations. Updates or follow-ups to emergency notifications will be given as necessary when information becomes available. In some situations, an emergency notification may also serve as a timely warning depending on the circumstances and the information available. See the emergency response and evacuation procedures that follow regarding details on emergency notifications.

AIAM without delay, will take into account the safety of the community, determine the content of the notification and initiate the notification system to contain, respond to, or otherwise mitigate the emergency, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim.

Regroup: Emergency Alert and Mass Notification system and Populi are the primary modes for emergency notification on campus.

Clery Timely Warnings

When the AIAM Campus President or his/her designee in conjunction with the Columbus Police determine that a crime represents a serious or continuing threat to students and employees, they will publicize crime and campus safety information (Crime Alert) as a vehicle to make timely warnings to the campus community. The purpose of a timely warning is to provide information that will aid in the prevention of similar crimes by enabling people to protect themselves. Timely warnings will be issued as soon as the pertinent information is available. If the Campus President in conjunction with the Columbus Police determine there is a serious or continuing threat, the Jeanne Clery Act requires AIAM to issue timely warnings for serious crimes such as murder, robbery, aggravated assault, burglary, motor vehicle theft, rape and certain hate crimes if the crime occurred on campus, on property owned or controlled by the school, or on public property that is immediately adjacent to campus such as streets and sidewalks that border campus. The President or his/her designate will determine on a case by case basis whether a timely warning will be issued via a Crime Alert.
Timely warnings will generally contain the following information:

- Type of criminal activity reported
- Date and time of the incident
- Location of the incident
- A brief description of the offense
- Suspect(s)
- Specific safety response
- Police and emergency telephone numbers
- Date and time of issue

**Crime Alert Notices**

We believe publicizing crime and campus safety information helps make the AIAM campus safer. One method of doing so is through crime alert notices. These are issued by the Campus President or Director of Student and Graduate Services. A crime alert may be issued to assist in gathering information, to inform the campus community of criminal or suspicious activity or crime trends and to facilitate crime prevention. Populi and Regroup: Emergency Alert and Mass Notification system are the primary modes for distributing crime alert notices.

**Crime Prevention Tips**

Maintain control over book bags, books, laptops and electronics, and other personal property, during leisure and meal times, and in the classroom.

- Take a moment to evaluate what you actually need throughout the day and limit what you bring to campus.
- If you need to leave an item with someone, make sure that you know and trust the person with your property.
- Please record all serial numbers and photograph your belongings to make identification easier if it is stolen.
- To keep yourself and your property safe, always be aware of your surroundings.
- Always feel free to contact the campus security authority if you have any safety or security concerns.
- Do your part to ensure your college experience is a safe and rewarding venture.
- Secure valuables in your vehicle’s trunk so they can’t be seen by others.
- Read completely the “Theft from Autos Prevention”, “Personal Safety”, and “Information of Sexual Assault, Domestic Violence, and Stalking” brochures from the Columbus Division of Police provided at New Student and AIAM Personnel Orientation Programs.

**Crime Prevention Programs**

Every twelve weeks during the new quarter New Student Orientation Program, students are provided with current ASR, the website link for the ASR and they are informed about campus security procedures, security tips, and evacuation procedures. They are encouraged to be responsible for their own security and the security of others. The importance of keeping emails and cell phone numbers current with the school is stressed to ensure maximum distribution of various security messages and emergency evacuation procedures to the campus. Floor plans with evacuation routes from each classroom and space in the building are posted. All are encouraged to become familiar with emergency exits options. As part of the New Student Orientation Program, students receive “Theft from Autos Prevention”, “Personal Safety”, and “Information of Sexual Assault, Domestic Violence, and Stalking” brochures from the Columbus Police Department which staff reviews with them.
At time of hire, new AIAM employees participate in an “on-Boarding” Orientation Program which also contains the same crime prevention information shared during the New Student Orientation Program. Annually, current employees and faculty are advised about campus security procedures and practices. AIAM campus members are directed to websites and videos on sexual misconduct, alcohol and drug related topics to further educate community members and heighten awareness and sensitivity. Upcoming programming may be found on the AIAM website Events Calendar.

All new students and employees are given a “I Have A Voice” packet. The Sexual Assault Response Network of Ohio (SARNO) provides folders that AIAM fills with prevention literature from SARNO and other organizations. These include “Sexual Assault Intervention and Prevention Services”, “iMatter”, with a dating violence focus, “Prevent Sexual Violence in Our Communities” from the National Sexual Violence Resource Center, “Hanging out or Hooking up?” produced by Futures Without Violence leaflets and brochures, and a letter explaining the Violence Against Women Reauthorization Act (“VAWA”) of March 7, 2013.

The consistently safe educational environment provided to all at AIAM since its inception is indicative of the AIAM community’s values.

Emergency Response Procedures

The following procedures are utilized when the AIAM Campus President, Director of Student and Graduate Services, Academic Dean or other designated campus security authority is notified about a potential life safety situation that affects the AIAM campus, clients, and/or its constituents off campus.

- If a problem occurs—a crime, fire, medical emergency, or any sort of life threatening disturbance—call the Columbus Police, Fire or Emergency Response at 911.
- Follow up with the CSA and complete the Universal Crime/Incident Report.
- For minor medical situations, First Aid kits are located in the clinic workroom and teachers’ lounges.
- For any other emergencies, such as power outages, electrical problems, gas leaks etc., please see the CSA on duty. If none are available, please ask the front desk receptionist. They will contact the appropriate agencies via a list located at the front desk and on the bulletin board in the Director of Business Operations office.
- Employees or students who are injured at AIAM are required to report the injury situation to the CSA within 24 hours of the occurrence on the Universal Crime/Incident Report Form. This will then be forwarded to the Director of Student and Graduate Services for the Incident/crime log.
- The Campus President, Director of Student and Graduate Services, Academic Dean or his/her designee will determine if the situation necessitates the notification of the campus community.
- If the Campus President, Director of Student and Graduate Services, Academic Dean or his/her designee deem immediate notification should be disseminated to the campus community, a message is sent by the following means:
  - Regroup text message sent by the Registrar or designee.
  - Email blasts to student, faculty, and staff from the campus security authorities.
  - Populi News Feeds.
- Once the initial information has been shared with the campus community, the Campus President, in conjunction with the Director of Student and Graduate Services, Academic Dean or his/her designee will take the role of continued communication with the campus community.
- The AIAM Campus President, in conjunction with the Director of Student and Graduate Services,
Academic Dean or his/her designee, will send an “all Clear” message when the situation is over.

The above procedures will be acted upon without delay when a life safety issue is reported. Columbus Police will be immediately dispatched to the scene in order to verify the life safety situation and gather further information. The content of the message sent to the campus community will be determined by the Campus President or designee in conjunction with the Columbus Police Department.

Information will not be shared with the campus community when the Columbus Police Department, in conjunction with the AIAM Campus President or designee determines that doing so would compromise the efforts of assisting those in peril.

Additional means of providing on-going information concerning a potential life safety situation and its resolution include:

- Blast emails to campus
- Text messages sent via Regroup
- Populi News Feed
- Flyers posted on campus
- Communication with the Franklin County Sheriff’s Office
- Local Media

To better prepare the campus in the event of an emergency situation, AIAM tests the emergency notification process at least once during each academic year. Feedback is collected for improving procedures.

**Evacuation Procedures Plan**

Evacuation routes for both fire and tornado are clearly posted in all AIAM administrative, clinic and academic rooms. During the AIAM New Employee and New Student Orientation Program, all parties are instructed to become familiar with the exit routes from where ever they may be in the building. They are presented with the following guidelines if the situation warrants evacuation of the building:

1. **In case of evacuation**, exit either through the front or back classroom doors or the door nearest you as noted on the exit diagram in the room where you are located.
2. Everyone should meet at the far south end of the parking lot in the group associated with the reason that they are in the building.
3. Each staff in the building will meet with his/her attendance sheet, employee list or their clinic schedule outside to quickly assess whether or not everyone has safely evacuated the building.
4. Clinic supervisors should ensure safe exit of clients from the building or to the safe room locations.
5. After assessing who is present or missing, report to the highest-level manager on the premises with this information.
6. The highest-level manager will be located near the front entrance of the building and will coordinate this information with emergency response units when they arrive.
7. Once evacuated, under no circumstances should any person return to the building until permission has been given.
8. All AIAM campus members may return to their respective areas once clearance is given by the Campus Security Authority.
9. **In case of a tornado**, all employees and students should quickly go to designated safe rooms within the building.
10. Each staff in the building will meet with his/her attendance sheet, employee list or clinic schedule in assigned rooms to quickly assess whether or not everyone has safely moved to the safety location.
11. After assessing who is present or missing, report to the highest level manager on the premises with this information.

12. The highest level manager will be located in the AIAM receptionist area and will coordinate this information with appropriate emergency response units when they arrive.

13. Once in a tornado designated safe area, under no circumstances should any person return to the west wing building until permission has been given.

14. All AIAM campus members may return to their respective areas once clearance is given by the Campus Security Authority.

15. AIAM will conduct evacuation drills several times throughout the year.

**Drug and Alcohol Policies**

AIAM students and employees are prohibited from using, possessing, exchanging, selling and/or distributing controlled substances (illegal drugs) and/or the unlawful use of alcohol while on school premises or while engaged in any school sponsored activity. Students and employees are also prohibited from coming to school, working in the clinic, or engaging in any practice sessions or other course requirements while under the influence of alcohol or illegal drugs. Being under the influence or in possession of any illegal drugs or alcohol while on school property or at school sponsored activities may be grounds for dismissal and criminal prosecution.

The use of alcohol, legal or illegal drugs in any manner that adversely affects or could affect an employee’s behavior at work subjects AIAM and all associates with whom the user comes into contact to unacceptable risk. Therefore, AIAM insists that our employees function at work entirely free of the effects of illegal drugs and the abuse of legal substances.

Students/employees in violation of AIAM policies are subject to dismissal or termination of services. Further, students/employees who violate AIAM Substance Abuse policies are also subject to arrest and prosecution under applicable local, state, or federal laws. Information on state laws and sanctions can be found in Chapter 2529 of the Ohio Revised code in your local public library.

Illegal use, possession or distribution of drugs is subject to criminal legal sanctions under local, state and federal law. Purchasing, possessing or consuming alcohol by anyone under 21 years of age is a first-degree misdemeanor in Ohio. The maximum penalties associated with this offense are six month imprisonment or a $1,000 fine or both.

**Drug and Alcohol Abuse Education**

AIAM New Student Orientation Program acquaints students with school policies associated with drug and alcohol abuse and consequences. Recognition of signs and symptoms associated with drug abuse is included in many academic classes across all programs. Informational material is available in the AIAM Information Center and from the Director of Student and Graduate Services. AIAM’s “Alcohol and Drug Prevention” brochure provides information on drugs and counseling, treatment and rehabilitation programs available in the community to students and employees. This brochure is also part of the New Employee Orientation Program packet. On an annual basis drug and alcohol information is updated on the AIAM website for students, faculty and staff, and can be found at [http://aiam.edu/campus-security](http://aiam.edu/campus-security).

**Drug-Free School and Community Act**

The American Institute of Alternative Medicine is a dynamic learning environment. Its students, faculty, staff, alumni, and guests interact in a wide variety of intellectual and social activities that may extend outside of the
classroom. We value and promote an environment of legal and responsible alcohol use and support alcohol-free environments. We recognize alcoholic beverages may be available at some activities. Such activities are consistent with AIAM’s values when they foster moderation and safety in alcohol consumption.

AIAM complies fully with local, state, and federal regulations regarding the sale, possession and consumption of alcoholic beverages. The unlawful manufacture, possession, use or distribution of illicit drugs or controlled substances on campus or as part of AIAM activities is strictly prohibited. All members of the AIAM community are held responsible for their behavior and for respecting the rights of others. We are committed to providing the community with education as it relates to illicit drug use, the consumption of alcohol in general as it relates to high risk alcohol use, in particular. We provide programs, support and resources that promote making health-enhancing experiences a priority.

Please refer to AIAM’s Student Catalog for additional information for students and the AIAM Employee Handbook for additional information for faculty and staff.

Regulations Governing Alcoholic Beverages

Alcohol Guidelines

The use of alcoholic beverages is prohibited on AIAM’s campus unless an exception for a special event is granted by the President. When alcohol is present at an event, strict controls must be enforced in order to prevent underage drinking. These controls are consistent with local, state, and federal laws and AIAM’s Student Catalog and Employee Handbooks. AIAM nursing students are held to additional standards and drug screens per nursing program policies published in the catalog.

Policy Violations

Any student, faculty or staff member, or visitor found to be in violation of local, state, and/or federal law, or who violate AIAM’s alcohol and other drug policies, are subject to disciplinary procedures and/or referral to the appropriate authorities for legal prosecution. Campus disciplinary sanctions include, but are not limited to, written warnings, loss of privileges, probation, participation in an alcohol or other drug assistance or rehabilitation program, suspension, expulsion, termination of employment and/or referral for prosecution. Sanctions may also apply to off-campus conduct.

If alcohol violations occur, the following systems may be used:
   a. Students are subject to appropriate discipline.
   b. Faculty and Staff will be disciplined per Employee Handbook guidelines.

Alcohol policy violations can be reported to the CSA who will forward the information to the appropriate personnel.

Regulations Governing Illicit Drugs

The unlawful manufacture, possession, use or distribution of illicit drugs or controlled substances on campus or as part of AIAM activities is strictly prohibited. AIAM expects students, faculty, staff, and campus visitors to abide by all applicable local, state, and federal laws regarding illicit drugs and controlled substances.

Definitions

Open container: Any holder or receptacle that allows access to alcohol, including any bottle, can, or similar container on which the original seal has been broken. A bottle must be recorked by the permit holder.
Physical control of a vehicle: Being in the driver’s position of the front seat of a vehicle and having possession of the vehicle’s ignition key or other ignition device.

Legal Requirements
Under local, state, and federal laws, it is a crime to do any of the following. For more information, see www.com.ohio.gov/liqr/ and http://www.justice.gov/dea/agency/penalties.htm.

Underage Drinking
1. Purchase, order, pay for, or share the cost of alcohol if you are under 21.
2. Possess alcohol if you are under 21.
3. Consume alcohol if you are under 21, unless it is provided by and consumed in the presence of your parent, legal guardian, or adult spouse.
4. Sell alcohol to, buy alcohol for, or furnish alcohol to anyone under 21, even if you are the parent, legal guardian, or adult spouse in your own home or apartment.
5. Allow anyone under 21 who possess or consumes alcohol to remain in your home, apartment, or in other property that you own or occupy.

False Identification
1. Show or give false information about your name, age, or other identification to purchase or obtain alcohol if you are under 21.
2. Provide false information about the name, age or other identification of another person under 21 to purchase or obtain alcohol for that person.

Open Containers
1. Have an open container of alcohol in your possession in any unlicensed public place.
2. Have an open container of alcohol in your possession while driving or riding in or on a motor vehicle.
3. Have an open container of alcohol in your possession while in or on a motor vehicle that is parked in or on a highway, street, or other place open to the public for parking.

Transportation
1. If you are under 21, you are considered to be driving under the influence if your blood alcohol level is .02 or higher and 0.08 at age 21. Refusing an alcohol test results in an immediate administrative license suspension.
2. Consume alcohol while in a motor vehicle.
3. Drive while under the influence of alcohol.
4. Be in physical control of a vehicle while drinking or under the influence of alcohol.

Disorderly Conduct
1. Engage in conduct that offends, inconveniences, annoys, or alarms others or that poses a risk of physical harm to yourself, to others, or to property while you are voluntarily intoxicated.

Alcohol Sales
1. Hold an event where alcohol is sold, or an event where alcohol is provided without charge but there is an entrance fee, cover charge, or other fee, without an appropriate permit. Information on how to obtain a temporary liquor permit is available from the Ohio Division of Liquor Control by phone at 614-644-2431 and on the web at http://www.com.ohio.gov/liqr/. You must also have permission to serve alcohol on campus from the CEO or Campus President.

Illicit Drugs
1. Selling or offering to sell any controlled substance, or preparing or packaging any controlled substance for sale.
2. Distributing any controlled substance.
3. Knowingly obtaining, possessing, or using a controlled substance.

**State of Ohio Alcohol and Drug Law Criminal Sanctions**

1. **Underage Drinking:** Ohio Revised Code (O.R.C.) 4301.63 provides that no person under the age of 21 shall purchase beer or intoxicating liquor. Penalty for a violation: A fine of not less than $25 but not more than $100 may be imposed. The court may order that the fine be paid by the performance of public work at a reasonable hourly rate established by the court, and may specify the designated time in which the public work shall be completed.

2. **False identification used to purchase alcohol for someone under 21:** O.R.C. Section 4301.633 provides that no person shall knowingly furnish any false information as to the name, age, or other identification of any person under 21 years of age for the purpose of obtaining or with the intent to obtain, beer or intoxicating liquor for a person under 21 years of age, by purchase, or as a gift. Penalty for a violation: Violation of O.R.C. section4301.633 is a misdemeanor of the first degree. The maximum penalty is imprisonment for not more than 6 months and a fine not more than $1,000.

3. **False identification used to purchase alcohol by someone under 21:** O.R.C. Section 4301.634 provides that no person under the age of twenty-one years shall knowingly show or give false information concerning the person’s name, age, or other identification for the purpose of purchasing or otherwise obtaining beer or intoxicating liquor in any place in this state where beer or intoxicating liquor is sold under a permit issued by the division of liquor control or sold by the division. Penalty for violation: Violation of O.R.C. Section 4301.634 is a misdemeanor of the first degree, punishable by up to 6 months imprisonment and fines up to $1,000. If a false or altered state identification card was used in commission of a violation of O.R.C. Section 4301.634, the punishment is a first degree misdemeanor with a fine of at least $250 to $1,000 and up to six months imprisonment.

4. **Open container in a motor vehicle:** O.R.C. Section 4301.64 prohibits the consumption of beer or intoxicating liquor in a motor vehicle. Penalty for violation: A violation of O.R.C. Section 4301.64 is a misdemeanor of the fourth degree punishable by up to thirty days in jail and a fine up to $250.

5. **Furnishing or selling alcohol to someone under 21:** O.R.C. Section 4301.69(A) prohibits any person from selling or furnishing beer or intoxicating liquor to an person under 21 years of age, or buying it for any person under the age of 21. Penalty for violation: Violation of O.R.C. Section 4301.69(A) is a misdemeanor punishable by a fine of at least $500 but not more than $1,000, and in addition imprisoned for up to 6 months.

6. **Underage purchase, possession or consumption of alcohol:** O.R.C. Section 4301.69(E) provides that no underage person shall knowingly order, pay for, share the cost of, attempt to purchase, possess, or consume any beer or intoxicating liquor in any public or private place or knowingly be under the influence of any beer or intoxicating liquor unless he or she is accompanied by a parent, spouse, or legal guardian who is not an underage person, or unless the beer or intoxicating liquor is given for religious purposes or by a physician for medical purposes. Penalty for violation: A violation of O.R.C. Section 4301.69(E) is a misdemeanor of the first degree. The maximum penalty is imprisonment for not more than 6 months and a fine up to $1,000.

7. **Driving while intoxicated:** O.R.C. Section 4511.19 prohibits any person from driving a motor vehicle while under the influence of alcohol or drugs. Penalty for violation: A violation of O.R.C. Section 4511.19 is a misdemeanor of the first degree, the maximum penalty for which is a jail term of up to 6 months and a fine up to $1,000. In addition, the court may impose additional fines, community rehabilitation or intervention programs, and suspend or revoke the offender’s driver’s license. Additional penalties exist for repeat offenders of O.R.C. Section 4511.19.

8. **Selling or distributing illicit drugs:** O.R.C. Section 2925.03 prohibits any person from selling or offering to sell any controlled substance, preparing or packaging any controlled substance for sale, or distributing any controlled substance. Penalty for violation: Anyone who violates this statute is guilty of drug trafficking. Violation of this statute is a felony, the level of which depends on the specific criteria set forth in Section 2925.03(C), including...
type and weight of drug. The minimum penalty for a fifth degree felony can include 6 to 12 months in jail and/or a fine up to $2,500. The maximum penalty for a first degree felony can include imprisonment up to 10 years and a fine up to $20,000.

9. Possessing or using illicit drugs: O.R.C. Section 2925.11 prohibits any person from knowingly obtaining, possessing, or using a controlled substance. Penalty for violation: Violation of this statute is drug abuse, which may be a misdemeanor or a felony depending on the specific criteria set forth in Section 2925.11(C), including type and weight of drug. The minimum penalty, a fourth degree misdemeanor, is punishable by imprisonment of up to 30 days and a fine up to $250. The maximum penalty, a first degree felony, is punishable by up to 10 years in prison and a fine up to $20,000.

This information is provided as a general summary of the major applicable laws. Laws frequently are amended and reinterpreted, and the application of law to specific situations generally requires an analysis of all of the facts and circumstances. This information should not be substituted for specific legal advice. If you are charged with a crime it is a good idea to seek advice of an attorney. Updates to these laws are generally reflected on the websites mentioned here, but individuals are ultimately responsible for knowing the laws. This information should not be substituted for specific legal advice.

Violation of the laws referenced previously may also be a violation of AIAM’s Student Handbook policies and rules and could result in sanctions up to and including dismissal. It should also be noted that AIAM’s expectations for appropriate behavior may be higher than those under the law.

Federal Drug Laws
Federal law prohibits the trafficking and illegal possession of controlled substances as outlined in 21 United States Code, Sections 841 and 844. Depending on the amount possessed first offense maximum penalties for trafficking marijuana range from five years’ imprisonment with a $250,000, fine to imprisonment for life with a $4 million fine for an individual, and from five years’ imprisonment with a $1 million fine to imprisonment for life with a $20 million fine for more than one offender. Also depending on the amount possessed, first offense maximum penalties for trafficking Class I and Class II controlled substances (methamphetamine, heroin, cocaine, cocaine base, PCP, LSD, fentanyl analogue) range from five years’ imprisonment with a $2 million fine to imprisonment for life and a $4 million fine for an individual, and from five years’ imprisonment with a $5 million fine to imprisonment for life and a $10 million fine for more than one offender. First offense penalties for simple possession, 21 USC §844, range from at most one years’ imprisonment or at least a $1,000, fine, or both; to at most 20 years’ imprisonment and at least a $1,000, fine. For the most current and complete information regarding Federal penalties for drug trafficking, visit the U.S. Drug Enforcement Administration’s website at: http://www.justice.gov/dea/agency/penalties.htm.

Prevention and Assistance
Alcohol and other drugs affect the health and safety of students, faculty, staff, and campus visitors, and interferences with the learning environment. AIAM is committed to providing a safe, healthy learning community. The new AIAM personnel and student orientation programs provide information on alcohol and drug abuse prevention. AIAM’s Nursing Program Drug and Alcohol Policy (published in AIAM catalog and “Alcohol and Drug Prevention” brochure) lists agencies that can provide prevention assistance.
Health Effects of Alcohol and Drugs

Alcohol is a central nervous system depressant that is rapidly absorbed from the stomach and small intestine into the bloodstream. A standard drink equals 0.6 ounces of pure ethanol, or 12 ounces of beer; 8 ounces of malt liquor; 5 ounces of wine; or 1.5 ounces (a "shot") of 80-proof distilled spirits or liquor (e.g., gin, rum, vodka, or whiskey).

Risks and Possible Health Effects

<table>
<thead>
<tr>
<th>Intoxication</th>
<th>Intoxication can impair brain function and motor skills. Intoxication increases the risk of death from automobile crashes, the leading cause of death of college-aged people.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Heavy drinking</strong> (Men: More than 4 drinks on any day or more than 14 drinks per week; Women: More than 3 drinks on any day or more than 7 drinks per week)</td>
<td>Heavy drinkers have a greater risk of liver disease, heart disease, sleep disorders, depression, stroke, bleeding from the stomach, sexually transmitted infections from unsafe sex, and several types of cancer (liver, mouth, throat, larynx and esophagus). They may have problems managing diabetes, high blood pressure, and other conditions.</td>
</tr>
<tr>
<td>Injuries</td>
<td>Drinking too much increases your chances of being injured or even killed. Alcohol is a factor, for example, in about 60% of fatal burn injuries, drownings, and homicides; 50% of severe trauma injuries and sexual assaults; and 40% of fatal motor vehicle crashes, suicides, and fatal falls.</td>
</tr>
<tr>
<td>Birth defects</td>
<td>Drinking during pregnancy can cause brain damage and other serious problems in the baby. Because it is not yet known whether any amount of alcohol is safe for a developing baby, women who are pregnant or may become pregnant should not drink.</td>
</tr>
<tr>
<td>Alcohol use disorders</td>
<td>Alcoholism or alcohol dependence is a diagnosable disease characterized by a strong craving for alcohol, and/or continued use despite harm or personal injury. Alcohol abuse, which can lead to alcoholism, is a pattern of drinking that result in harm to one’s health, interpersonal relationships, or ability to work.</td>

### Education and Treatment Resources

All faculty, staff, and students are encouraged to seek help early in the discovery of a problem with alcohol and/or other drugs, and to learn how to assist others with problems related to substance abuse. The earlier assistance is obtained, the less likely there will be serious, negative consequences resulting from an alcohol or other drug problem. Persons seeking assistance for a substance abuse problem will not be sanctioned by AIAM as a result of seeking such assistance. The following are some resources for confidential assistance.

#### Off Campus Resources

Disciplinary Proceeding Results
AIAM will, upon written request, disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the results of any disciplinary hearing conducted by the school against the student who is the alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, AIAM will provide the results of the disciplinary hearing to the victim’s next of kin, if requested.

Biennial Review of Drug and Alcohol Abuse Prevention
In November, 2013 AIAM President, Director of Student and Graduate Services and Academic Dean conducted a review of its drug and alcohol abuse presentation information results of which are noted below.

<td>Date Policy and Procedure was last updated:</td>
<td>8-2013</td>
</tr>
</tbody>
</table>
Attendees noted the lack of drug and alcohol abuse issues on campus since the inception of school programs in 1994. This could be the result of the type of students attracted to “holistic” training in addition to the regular drug testing that occurs with persons in the nursing field.

In Fall 2013, AIAM began requiring drug testing for nursing clinical faculty and for any employee in positions handling money including the Controller, Director of Business Operations and front desk staff positions. Also, nursing students are now required to be screened for drugs prior to initial participation in AIAM clinical experience and annually, prior to continued participation in AIAM clinical experience, at AIAM’s cost. Screens may also occur upon reasonable suspicion, randomly, and upon a Nursing Program student’s involvement in the death or injury to person or property. More details are outlined in the Nursing Policies section of the AIAM Catalog. It should be noted that at the school’s discretion and with reasonable cause, students in other programs may be randomly checked.

Drug and alcohol abuse materials at AIAM contain information on preventing drug and alcohol abuse; standards of conduct that prohibit unlawful possession, use or distribution of drugs and alcohol by all members of the AIAM community; sanctions on all levels associated with violation of the law; local drug and alcohol counseling, treatment, or rehabilitation programs literature is available in the AIAM Information Center or Director of Student and Graduate Services office; health risks associated with the use of these substances are also outlined in all literature and publications; and, clear statements on AIAM sanctions on students and employees for violations of the standards of conduct are outlined in all above referenced documents.

On a quarterly basis, Drug and Alcohol Abuse Prevention Program (DAAPP) materials are distributed to new AIAM students at the New Student Orientation Program. Students who enroll or employees who are hired after the annual distribution must receive the information. AIAM recognizes this, and at both New Student and New Employee Orientations (REQUIRED) the DAAPP is distributed and gone over via appointed staff member.

It is the consensus of attendees that AIAM’s Drug and Alcohol Prevention Program is effective and does not need revisions at this time.

Information on Sex Offenses, Relationship Violence and Stalking

Rape, relationship violence and stalking are crimes of power and control that reflects a blatant disregard for the feelings and rights of others. The new rape definition established by the Federal Bureau of Investigation Uniform Crime Reporting system includes rape, sodomy, and sexual assault with an object. They are defined as follows:

**Rape (except Statutory Rape):**
The carnal knowledge of a person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.

**Sodomy:**
Oral or anal sexual intercourse with another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.

**Sexual Assault With An Object:**
To use an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.
These crimes of power can happen anywhere, at any time, to anyone. Based on a study of rape conducted by the National Institute of Justice, it is estimated at a college enrolling 10,000 female students could experience more than 350 rapes per year (U.S. Department of Justice, December 2000). It is also estimated that one in 12 men is the victim of rape or sexual assault. These statistics are alarming. AIAM does not tolerate violence or intimidation and is prepared to respond to these incidents. AIAM provides programs and services that focus on education, prevention, and response to sex offenses, relationship violence and stalking in conjunction with local social services agencies.

Students who are victimized can experience high levels of physical and psychological distress. Negative consequences of these incidents are wide-ranging and may include:

- Unwanted pregnancy
- Sexually transmitted disease
- Difficulty sleeping
- Depression and anxiety
- Low self-esteem
- Adoption of negative health practices (such as substance abuse, eating disorders, and smoking)
- Difficulty concentrating on academic work
- Low self-esteem

There may also be disruption of employment and enormous financial expenditures resulting from pursuing medical, social, psychological or legal services.

Survivors often blame themselves and fail to report the offense. This can result in survivors failing to obtain necessary medical, social, legal, and psychological assistance.

**Policies and Procedures for Addressing Sex Offenses, Relationship Violence and Stalking**

American Institute of Alternative Medicine recognizes the seriousness of these offenses and commits itself to preventing such offenses. AIAM prohibits the crimes of dating violence, domestic violence, sexual assault, and stalking.

Definition of terms:

- **Dating violence** — Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. For the purposes of this definition:
  - Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.
  - Dating violence does not include acts covered under the definition of domestic violence.

- **Domestic Violence** — A felony or misdemeanor crime of violence committed:
  - By a current or former spouse or intimate partner of the victim;
  - By a person with whom the victim shares a child in common;
  - By a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner;
  - By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the
jurisdiction in which the crime of violence occurred, or by any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

• **Sexual assault**- The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 USC 1092 (f) defines the following sexual acts within the general category of sexual assault to include: 1) forcible rape, 2) forcible sodomy, 3) sexual assault with an object, 4) forcible fondling, 5) incest, and 6) non-forcible statutory rape. Students and employees are strongly encouraged to report the incident to Columbus Police by dialing 911 and to seek counseling. A campus security authority may provide assistance.

• **Stalking**- Engaging in a course of conduct directed at a specific person that would cause a reasonable person to—
  - Fear for the person’s safety or the safety of others; or
  - Suffer substantial emotional distress.

The AIAM policy on violence below outlines the school’s commitment to a safe environment in which acts of violence are not tolerated.

In all instances, students who are victimized will be treated with dignity. AIAM acknowledges the support services of the Director of Student and Graduate Services, the AIAM Campus President, Academic Dean and Campus Security Authorities along with the Columbus Police Department, the Sexual Assault Response Network of Central Ohio and many additional local social service agencies who also provide programming aimed at the prevention of these crimes.

School employees and students are expected to abide by all local, state, and federal criminal laws. AIAM educates the community about acceptable conduct including the desire to have the campus free from these offenses through mandatory new student orientations four times a year and at new employee orientations.

All programs taught at AIAM involve interpersonal relations and physical touch. Across all curriculums, students receive education on establishing boundaries relative to touch and ethics. Recognition of signs and symptoms associated with sexual assault, relationship violence and stalking is included in many academic classes as well. Literature is available in the AIAM information Center and from the Director of Student and Graduate Services’ office.

**Violence**

It is the policy of AIAM that acts of violence, threats or violence or intimidation will not be tolerated. Providing a safe environment in which to work and learn is conducive to fulfilling the mission of AIAM. Acts of violence include any exercise of force against persons or property that could result in physical or emotional harm. Threats of violence include any verbal or non-verbal communication that inflicts harm. Intimidation includes any verbal or nonverbal act towards another person, the purpose of which may be to coerce, and the result of which could cause the other person to fear for his or her safety or the safety of others.

Student conduct policies require that students not engage in any sexual activity and/or any sexual innuendo or sexual harassment on school premises. Sexual harassment is defined as unwelcome advances, requests for sexual favor, or other verbal, visual, or physical actions of a sexual nature.
Criminal Sanctions/Disciplinary Actions
The Ohio revised Code 2907.01-2907.09 provides legal definitions and categories for sexual offenses. These include sexual assault, sexual contact, sexual conduct, public indecency, voyeurism, sexual imposition, gross sexual imposition, sexual battery, and rape.

In addition to criminal sanctions and possible liability under such laws, sex offenses, relationship violence and stalking will subject a student or employee to institutional disciplinary action. Violation of school policies for students may result in written reprimand, suspension, probation or dismissal and employees will be subject to warning, suspension or termination from employment.

Policies and Procedures to be Followed in Response to Cases of Reported Sex Offenses, Relationship Violence and Stalking

Seeking Assistance
If you are a victim of a sexual assault on the campus of AIAM, you should:

1. Call 911.
2. Get to a safe place.
3. Notify the campus security authority.
4. Get medical assistance from the closest hospital and preserve evidence. All evidence should be collected in the first 96 hours after the assault has occurred. Have evidence preserved does not mean that the case will go to court or that the student must press criminal charges. It does leave the option available and can greatly enhance the chances of a successful prosecution should the student make the decision to press charges at a later date.
5. Get emotional support/crisis intervention.
6. File a police report with the Columbus Police. AIAM campus security authority may assist the student in notifying these authorities, if the student requests the assistance of these personnel. This will not obligate the victim to prosecute.
7. Seek Academic Options if needed.

Students who are sexual assault victims can receive assistance from:

1. The Director of Student and Graduate Services (614) 825-6255
2. Columbus Police Department (911)
3. St. Ann’s Hospital, 500 S. Cleveland Avenue, Westerville, Ohio 614-898-4000

Sex Offender Registration
The Director of Student and Graduate Services is available to help refer students to the appropriate off campus resources when such requests are made. The Ohio Attorney General provides an updated registered sex offenders data base at http://www.icrimewatch.net/index.php?AgencyID=55149.

Students may find information regarding registered sex offenders at http://www.nsopw.gov. Students may also contact the local police department or the regional state police for information regarding sexual predators. The Franklin County Sheriff’s office maintains a list of offenders within a specified radius of your house, business, school, or other desired address at www.icrimewatch.net
Off campus sexual assaults should be reported to the Columbus Police (911) or the police department of the jurisdiction of the offense.

**Protective Measures/Academic Issues**

In the aftermath of a sex offense, relationship violence and stalking situation a victim’s academic performance may be affected. Students may seek assistance with academic issues through the office of the Academic Dean at 614-825-6255. The Academic Dean will work collaboratively with the student and their program lead instructors or administrator for any needed academic changes.

**Federal Timely Warning Reporting Obligations**

Victims of sexual misconduct should be aware that AIAM campus security authorities must issue a timely warning for reported incidents that pose a substantial threat of bodily harm or danger to members of the campus community. Every effort will be made to ensure that a victim’s name and other identifying information is not disclosed, while still providing enough information for community members to make safe decisions in light of danger.

**Legal Issues**

The victim of a reported sex offense, relationship violence or stalking has the right to full and prompt cooperation from school personnel. The student or employee also has the right to pursue prosecution in a court of law. Even if the victim does not want to press charges, they can speak with a police officer regarding the assault in order to keep all options open for the future.

If a victim initially chooses not to prosecute, it can be helpful to report an assault to police right away and to seek immediate medical care so that prosecution can be pursued at a later date if the victim chooses to do so. This allows for timely evidence collection and early interviews with the victim and witnesses, and gives more credibility if prosecution is pursued at a later date. Awareness and Prevention of Sex Offenses information is disseminated in the AIAM Information Center.

All school personnel are required to report that a felony has been or is being committed. The victim’s identity may be confidential. On-campus incidents should be reported to the AIAM Campus Security Authorities or other personnel. Off-campus offenses should be reported to the City of Columbus Police Department or the jurisdiction in which the incidents occurred.

**Statement of Rights of the Alleged Victim**

- The right to be treated with respect by school officials;
- The right to investigation and appropriate resolution of complaints of sexual misconduct made to school officials and staff;
- The right to be fully informed of the conduct panel’s rules and procedures as well as the nature and extent of all alleged violations contained within the complaint;
- The right to a hearing closed to the public;
- The right to preservation of confidentiality, to the extent possible and allowed by law;
- The right to receive reasonable written notification of the time and place of the conduct proceeding;
- The right to have a staff person, advocate or other advisory person present during the conduct proceeding;
- The right to be informed of the outcome of any conduct proceeding involving sexual assault, usually within 24 hours of the end of the conduct proceeding;
The right to be informed by AIAM officials of options to notify proper law enforcement authorities, and the option to be assisted by campus authorities in notifying such authorities, if the student so chooses. This also includes the right not to report, if this is the victim’s desire;

The right to be notified of available services for victims of sexual assault in the community;

The right to notification protective measures for academic issues. The Academic Dean will work collaboratively with the student and their program lead instructors or administrator for any needed academic changes and accommodations.

The right not to have irrelevant prior sexual history considered during a proceeding;

The right to hear and respond to information and testimony presented at the conduct proceeding;

To remain present during the entire proceeding;

The right to make a victim-impact statement at the campus conduct proceeding and to have that statement considered by the hearing panel in determining its sanction;

The right to a campus “no contact” order against another student who has engaged in or threatens to engage in stalking, threatening, harassing or other improper behavior that presents a danger to the welfare of the complaining student or others during an investigation;

The right to have complaints of sexual misconduct responded to quickly and with sensitivity by campus authorities;

The right to appeal the finding and sanction of the conduct panel, in accordance with the standards for appeal established by AIAM;

The right to review all documentary evidence available regarding the complaint, subject to the confidentiality limitations imposed by state and federal law, at least 48 hours prior to the conduct;

The right to be informed of the names of all witnesses who will be called to give testimony, within 48 hours of the hearing, except in cases where there is risk to the AIAM Community.

The right to be informed in advance of any AIAM public release of information regarding the complaint.

**Statement of Rights of the Accused Student**

The rights of accused students should also be noted and include:

The right to be treated with respect by school officials;

The right to investigation and appropriate resolution of complaints of sexual misconduct made to school officials and staff;

The right to be fully informed of the conduct panel’s rules and procedures as well as the nature and extent of all alleged violations contained within the complaint;

The right to a hearing closed to the public;

The right to preservation of confidentiality, to the extent possible and allowed by law;

The right to receive reasonable written notification of the time and place of the conduct proceeding;

The right to have a staff person, advocate or other advisory person present during the conduct proceeding;

The right to be informed of the outcome of any conduct proceeding involving sexual assault, usually within 24 hours of the end of the conduct proceeding;

The right to notification protective measures for academic issues. The Academic Dean will work collaboratively with the student and their program lead instructors or administrator for any needed academic changes and accommodations.

The right not to have irrelevant prior sexual history considered during a proceeding;

The right to hear and respond to information and testimony presented at the conduct proceeding;

To remain present during the entire proceeding;

The right to have complaints of sexual misconduct responded to quickly and with sensitivity by campus authorities;
• The right to appeal the finding and sanctions of the conduct panel, in accordance with the standards for appeal established by AIAM;
• The right to review all documentary evidence available regarding the complaint, subject to the confidentiality limitations imposed by state and federal law, at least 48 hours prior to the conduct proceeding;
• The right to be informed of the names of all witnesses who will be called to give testimony, within 48 hours of the hearing, except in cases where there is risk to the AIAM Community.

Procedures for On-Campus Student Conduct Proceedings Involving Reported Sex Offenses, Relationship Violence and Stalking

As noted earlier, AIAM takes offenses involving sex offenses, relationship violence and stalking seriously. It is our policy to involve and work closely with local authorities to ensure all parties have a fair and democratic hearing during a student conduct proceeding. To facilitate this process, it is imperative that all reports that occur on campus are reported to police immediately by calling 911.

The following proceedings (sequence of actions taken leading up to a judgement at a hearing) or procedures are applicable to the complainant in cases involving reported sex offenses, relationship violence and stalking by a student or employee whether on or off campus:

1. The complainant may submit a written or verbal complaint of the alleged offense to the Director of Graduate and Student Services (DSGS), 6685 Doubletree Avenue, Columbus, Ohio 43229. In the absence of the DSGS, a CSA may be notified.
2. Upon receiving a complaint, DSGS or designee will acknowledge receipt with a response and conduct a full investigation within a timely manner. Sexual misconduct and other sensitive complaints are fast-tracked, to ensure that AIAM provides a prompt response.
3. Depending on the severity of the situation, the student(s) may be placed on temporary suspension to ensure the safety of all parties involved and to enable a full, accurate, and detailed investigation.
4. Both the complainant and respondent may be allowed to submit timely written responses to the investigation report and other relevant information to the proceeding panel. The complainant and respondent will have the opportunity to review any written submissions by the other.
5. The complainant will be provided with an interview conducted by the DSGS or designee, the complainant’s program liaison, and a non-AIAM affiliated person appointed by the DSGS or designee. This group, referred to as the proceeding panel, will facilitate the process.
6. The proceeding panel will rely heavily on evidence provided by local authority’s investigative efforts to determine if a violation of school policy has occurred.
7. The DSGS or designee shall describe the due process and procedures associated with the conduct proceeding for the alleged violator and the rights of the complainant. Both the complainant and the alleged violator are entitled to the same opportunity to have others present during a student conduct proceeding.
8. The DSGS or designee will present both complainant and alleged violator with their rights as noted earlier.
9. The student proceeding panel will use “preponderance of the evidence” as the standard of proof to determine whether a violation of the school’s policy occurred. This means that the panel must be convinced based on the information it considers that the alleged violator was more likely than not to have engaged in the conduct at issue in order to find said person responsible for violating the school’s policy.
10. Both the complainant and the alleged violator shall be informed in writing simultaneously of the result or outcome of any campus conduct panel proceeding brought forward alleging sex offenses, relationship violence and stalking.
11. Both the complainant and respondent have the right to appeal the “result” or final decision and outcome of the proceeding panel within 10 calendar days of the rendered decision. Information on appealing and disciplinary actions is found in the AIAM Catalog.

Compliance with these provisions does not constitute a violation the Family Educational Rights and Privacy Act of 1974 (FERPA).

**Awareness and Prevention of Sex Offenses, Relationship Violence and Stalking**

AIAM’s Safety and Security Committee coordinates ongoing prevention and awareness programs that emphasize specific awareness campaigns. Written materials are distributed to new employees and to students. For AIAM employees, this occurs during new employee orientation. Four times a year, during New Student Orientation, information is shared with incoming students. These activities for students and employees are designed to heighten awareness or their consciousness of these offenses and the role they can play in preventing them if they are a bystander.

AIAM’s ongoing prevention and awareness programs are designed to provide community-wide or audience-specific programming, initiatives, and strategies that increase audience knowledge. Information and resources are shared to prevent violence, reduce perpetration and promote safety both on and off campus.

The AIAM Information Center provides supportive information on these topics. Local human services organizations provide programming and information. In addition, academic classes frequently focus on these topics.

The Buckeye Region Anti Violence Organization (BRAVO) conducted an educational seminar in 2013 and 2014 for AIAM. The focus was self-defense for women. BRAVO is a community link to survivor advocacy and assistance regarding hate crimes, discrimination, domestic/relationship violence and sexual assault.

During Sexual Assault Awareness month in April, 2015 AIAM conducted a “Teal Ribbon” campaign. Students and employees visited the “It’s on Us” video and took the pledge, committing to do their part to end sexual assault. Persons taking the pledge received a teal ribbon to wear for the week. Throughout the year AIAM continues to utilize YouTube videos, SARCO educational booths, and “What If?” Populi or Regroup feeds to the community as part of AIAM’s ongoing prevention and awareness campaigns and prevention programming. Through these sustained initiatives, our community’s understanding of topics relevant to and skills for addressing dating violence, domestic violence, sexual assault, and stalking increases.

Bystanders (individual or individuals) often play a critical role in preventing these offenses. It is critical to provide the AIAM community with safe and positive intervention options they may employ to prevent harm or intervene when there is a risk of dating or domestic violence, sexual assault or stalking. By use of YouTube videos and “What If?” scenarios at AIAM, employees and students become more aware of their role and appropriate bystander intervention. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene.

AIAM’s primary prevention programs as noted above are programming, initiatives, and strategies informed by research or assessed for value, effectiveness, or outcome that are intended to stop dating violence, domestic violence, sexual assault, and stalking before they occur. This is achieved through the promotion of positive and healthy behaviors that foster healthy, mutually respectful relationships and sexuality, encourage safe bystander intervention, and seek to change behavior and social norms in healthy and safe directions.
All of the above primary prevention programs are designed to decrease perpetration and bystander inaction, to increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that facilitate violence and to reduce risk of their occurrences.

**Prevention of Sex Offenses**

The responsibility of preventing sexual assault lies with the person initiating sexual behavior, as that is the person who has the power to stop what he or she is doing. Prior to initiating sexual behavior, these considerations are recommended:

1. Sexual assault is a crime and violation of AIAM school policies. As such, being found responsible for violating school policies can result in a maximum sanction of expulsion from AIAM. Additionally, criminal charges could be brought forward as well as civil litigation within the court system.

2. Because sexual assault is a crime of power and control, CONSENT of the other person involved is the most important thing to consider when engaging in sexual behavior. Only a person's consent gives one the right to engage in sexual contact. Consent must be many things, including:

   - **Verbal and clear**: Consent cannot be implied through seemingly "mixed" messages. One's sexual partner must be given every opportunity to communicate his/her wishes and limits on the degree of behavior that is initiated. No means no, and when in doubt, ask first.
   - **Sober and unimpaired**: Consent can only be given by a person who has full control of his or her mental capacities. A person who is drunk or high on drugs is not legally in a position to give consent.
   - **Consistent and prompt**: Even if someone has agreed to be sexually involved with someone, that person has the right to withdraw consent at any time, even during behavior that might already be interpreted as sexual. Consent is not implied by the fact that dinner was bought for someone, or that the parties were sexually involved in the past or even if someone was seemingly “led on” by another’s behavior.
   - **Unforced and non-threatened**: Use of force, threats, intimidation, or coercion is a willful denial or a person’s right to freely give his/her consent.

The well-being of the other person is of the utmost importance during any sexual encounter. When in doubt about proceeding to the next level of intimacy, ask. Checking in with your partner about what you are doing is a way of sharing the power and control of the situation that was initiated by you with them. This keeps the interaction an equal and safe situation for both parties.

**Risk Reduction for Sex Offenses, Relationship Violence or Stalking**

Information about preventing sex offenses (which has been largely excerpted from the publication, "Sexual Violations: Know the Signs," written by Dr. Craig Vickio, Dr. Elizabeth Yarris, Ms. Nancy Breen, and Ms. Kimberly Chin) is provided below.

Although the responsibility of prevention truly lies with the offender, there are things that individuals can do and be aware of that may help reduce the risk of crime. These are not guarantees of safety, but rather personal rights and best practices for a safer environment at AIAM.

1. You have the right to your own values, attitudes and beliefs about sexual behavior and relationships in general. Therefore you have the right to determine the type of interactions and activities you feel comfortable with and to end those activities at any time.

2. While there is no perfect profile of someone who will be controlling or violent, there are some warning signs. These include:
   - Domineering, overly controlling actions
A tendency to disregard your feelings and desires
The expression of hostility or dominance toward potential partners
The belief that certain actions entitle one to sex
Intrusion into your personal space
Touching you in a way that makes you feel uncomfortable

3. No one is ever entitled to sex. You are not obligated to perform sexual acts as payment, as a favor, or in order to be a "real man" or a "good woman".

4. You have the right to deny alcohol at any time. Alcohol not only impairs your judgment; many recognize alcohol as a frequently used and highly effective rape facilitating drug.

5. You have the right to say no at any time for any reason. When you feel that your personal rights are being threatened, you have every right to take a stand and let the offending party know that what he/she is doing is unwelcome.

6. Going to larger parties with people you trust may help to avoid dangerous situations. Inviting another couple to go with you is another great way of ensuring that there will be others around in case of emergency.

7. Having your own transportation gives you a degree of power to leave a situation, if you see the need to.

8. Instead of walking alone, walk with friends.

9. While using social media such as Facebook or Twitter, be mindful of the type of information you provide, including your address or phone number, and whether you are at home or away.

AIAM recognizes the need for healthy and successful relationships. Prevention of crime starts with those who are committing the offenses and then is supplemented by the use of methods to reduce the risk of being victimized. All students and employees can play a role in combating sex offenses, relationship violence and stalking.

**Crime Statistics**

The chart below reflects the number of crimes committed on campus, on non-campus, or on public property immediately adjacent to AIAM and accessible from the campus that were reported to a campus security authority or local Columbus Police Department. For purposes of this security report, the following definitions apply:

**On Campus (OC):** Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution’s educational purposes; and (2) Any building or property that is within or reasonably contiguous to paragraph (1) of this definition, that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor).

**Noncampus (NC):** Any building or property owned or controlled by a student organization that is officially recognized by the institution; or (2) Any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution’s educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution. **AIAM HAS NO NONCAMPUS PROPERTY.**

**Public property (PP):** All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus.
Clery crime statistics and the AIAM annual security report, are available online at [http://www.aiam.edu/consumer info/](http://www.aiam.edu/consumer info/).

HATE CRIMES
Of the crimes listed above and for crimes of larceny-theft, simple assault, intimidation, and destruction, damage, or vandalism of property, the following charts reflects the number of these offenses that were reported to a campus security authority or to local police agencies as a crime in which the victim was intentionally selected because of the victim's actual or perceived race, gender, religion, sexual orientation, ethnicity, or disability. These data are reported according to category of prejudice.

UNFOUNDED CRIMES

If a reported crime is investigated by law enforcement authorities and found to be false or baseless, the crime is “unfounded”. Only sworn or commissioned law enforcement personnel may unfound a crime. Unfounded crimes are counted in the year in which they were originally reported.

The following chart reflects the number of “unfounded” crimes beginning in 2014 for AIAM.
